Note: we are embarrassingly having a problem with the website...

but on to more exciting news!

January 8, 2014 at 6pm

Bonnie Bessor, Executive Director, Rebuilding Together Baltimore

Bonnie will be sharing with us information about Rebuilding Together Baltimore and how it affects the real estate market and your investments/community. She will also be discussing Rebuilding Day which is April 26th.

Bonnie Bessor joined Rebuilding Together Baltimore as Executive Director in 2004. Immediately prior, she worked at Associated Catholic Charities as a development officer for homeless service programs in Baltimore. She has also worked in housing and poverty advocacy organizations as a legislative advocate, community organizer, AmeriCorps program director, and volunteer manager. She began her career by serving people with chronic mental illness. She holds a Master's in Social Work from the University of Maryland. She is also a graduate of the Weinberg Fellows Program, an intensive leadership training program for nonprofit executives.

During her tenure at Rebuilding Together Baltimore, Bonnie has been instrumental in growing the staff, budget and services of the organization, tripling the budget and increasing the staff from one full-time person (herself) to a team of seven. In that time, the organization has also expanded to include a robust energy efficiency program as well as year-round services. Bonnie serves on the advisory board of Baltimore County Volunteers, the volunteer engagement program for Baltimore County, Maryland. In 2011, she was honored as one of Baltimore's Top Neighborhood Moms and was also awarded Executive Director of the Year by her peers in the Rebuilding Together affiliate network. She is president of her community association and lives in Baltimore City with her husband Les and their rescued dog and cat "Iggy" and "Rosie".
